

ALEX TAYLOR ARCHITECTURE

Residence in Gramercy

135 East 18th Street,
New York, NY 10003

SCOPE OF WORK

*** General Note:

1. **Concrete:** Cellar floor will need to be trenched from front to back for new service lines.
2. **MEP:** All service lines to be brand new
3. **Structure:** Temp. shoring is required for cellar
4. **MEP:** Sprinkler System for entire house
5. **Electric:** No AV system, no integrated speakers.
6. **Electric:** All lights to be on dimmers (assume Lutron diva)
7. **Electric:** All light fixtures to be USAI (or equal)
8. **Millwork:** All interior windows to receive new wood jambs and wood panel detail below window.
9. **Paint:** Assume Benjamin Moore
